DETAILED ACTION

1. The Amendment received 06/14/06 has been considered in preparing this Office action. Applicants' Amendments to the Claims and the Applicants' Remarks have overcome the objections and rejections recited in the prior Office action mailed 03/14/06.

Allowable Subject Matter

2. Claims 1-7, 9-24 and 26-30 are allowed; and are renumbered as 1-28.
3. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a hand-held pen device for recording and transmitting a track of handwritten information created by the pen device. Each of the independent claims 1, 15, 26 and 30 requires a "send" command; and the independent claim 18 requires the external data storage device comprising a network server with an interface (see figures 1 and 2); whereas the closest prior art, the Lewis et al. patent (U.S. Patent No. 5,294,792) and the O'Connor et al. patent (U.S. Patent No. 6,188,392) that disclose conventional pen devices, either alone or in combination, fails to teach or suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
